Re: Sewer Feasibility Study

Dear Property Owner:

The Township has concluded its survey for the Rancocas Woods Sewer project that included the Rancocas Woods, Masonville and Fleetwood sections of the Township. The project needed a seventy-five percent affirmative vote by the property owners to move forward with the project.

A packet with a ballot for your property's vote was mailed out on September 18, 2009 through both regular and certified mail to ensure its receipt. All non-responses were considered a "NO" vote.

The Township has recorded the vote. The outcome is 85% NO and 15% YES. The Township will not be moving forward with the Rancocas Woods Sewer project at this time. However, the Township will continue to pursue supplemental funding to secure funds through Federal and State programs.

If you have any additional questions please contact the Township Manager, Jennifer Blumenthal, at 856-234-0001 EXT 210.

Sincerely,

Jennifer Blumenthal
Township Manager
